Technical drawing of a double-arched structure, likely a bridge or tunnel. The drawing shows two arches, one above the other, connected by vertical supports. The top arch is outlined in green, and the bottom arch is outlined in red. A detail callout labeled "PARTICOLARE A" points to a specific section of the structure, showing a cross-section of the arch and the supporting structure. The drawing is a perspective view, showing the structure from a side-on perspective.
