

An aerial photograph showing a large, elongated, yellow-colored area, likely a construction site or a reservoir, surrounded by dark, forested areas and a road. The yellow area has a distinct shape, tapering at both ends, and is bordered by a road or path. The surrounding landscape is a mix of dark, textured forest and lighter, possibly cleared or agricultural land. A road runs along the left side of the yellow area, and another road or path runs along the right side. The overall scene suggests a significant engineering or construction project in a natural setting.
