

A satellite image of a rural landscape. In the bottom-left corner, there is a dense cluster of buildings with red-tiled roofs, likely a village. To the right of this, a winding river or canal flows through the landscape. The majority of the area is composed of agricultural fields, some of which are dark green, suggesting crops like rice. In the upper-middle section, there is an industrial or agricultural facility with several large, circular storage tanks and various buildings. A red triangle marker is placed on a road or path that runs horizontally across the middle of the image, just to the right of the industrial area. The top-left corner features a white arrow pointing upwards. The bottom-right corner contains a scale bar with markings for 0, 500, and 1,000 meters.
